

Have a doctor by your side with LiveHealth Online

Talk face-to-face with your choice of board-certified doctors through your favorite mobile device or a computer with a webcam using LiveHealth Online. Doctors using LiveHealth Online provide medical advice for common health concerns like the flu, colds, allergies and more. They can also send a prescription directly to a pharmacy, if needed. It's faster, easier and more convenient than a visit to an urgent care center or retail health clinic.

Doctors are here day or night — watch a video about LiveHealth Online

Reminder: Always go to the ER or call 911 if you feel you could put your health seriously at risk by delaying care.

Sign up now so you can see a doctor when you need to.
