

DeltaVision® Plan 130

DeltaVision plans are superior for a reason

DeltaVision is a smart, affordable way to keep an eye on your vision — and on your health.

It is estimated that more than half of all Americans need vision correction.^A Without corrective eyewear, they cannot see life to the fullest. Your DeltaVision benefits make it easier to afford regular eye exams as well as prescribed vision correction.

Regular eye exams can also help identify early signs of some systemic diseases and health conditions including:

- Diabetes
- Glaucoma
- Hypertension
- Macular degeneration

It's important to take charge of your health. When you get your eyes checked every year, you are helping your eyes — and your whole body — stay well.

- 1 Copay applies one time to eyeglass frame and/or lenses.
- 2 Covered to provider's in-office standard retail lined trifocal amount; member pays difference between progressive and standard retail lined trifocal, plus applicable copay, less any applicable discounts.
- 3 A Contact Lens Fitting Exam has its own copay and is separate from the eye exam copay. Standard Contact Lens Fitting Exam applies to a current contact lens user who wears disposable, daily wear, or extended wear lenses only. Specialty Contact Lens Fitting Exam applies to new contact wearers and/or a participant, who wears toric, gas permeable, or multi-focal lenses.
- 4 Contact lenses are in lieu of eyeglass frame and lenses benefit.

- 5 Medically necessary contact lenses are those prescribed for extreme visual acuity or other functional problems not treatable by eyeglass lenses. Prior authorization required.
- 6 The Plan discount features are not insurance. All allowances are retail; the member is responsible for paying the provider directly for all non-covered items and/or any amount over the allowances, minus available discounts. Discounts are subject to change without notice and do not apply if prohibited by the manufacturer. Discounts may vary by provider and location. Members should confirm a provider participates in offering discounts before receiving services, as not all providers offer discounts.
- 7 Out-of-pocket maximums apply to certain standard options on standard plastic single vision lenses and standard lined bifocal and trifocal lenses.
- 8 Discount over retail lined trifocal lens, including lens options.
